KIIT - Nurturing Entrepreneurship & Student Talent

ABOUT  KNEST

A University-Wide Innovation & Entrepreneurship Ecosystem

“To establish a university-anchored ecosystem where ideas are transformed into impact - driven enterprises through disciplined experimentation, applied learning, and ethical leadership”

Innovation Ready . Enterprise Ready . Market Ready

OBJECTIVES

01

ENABLE EARLY-STAGE IDEATION AND VENTURE CREATION AMONG STUDENTS.

02

PROVIDE STRUCTURED SUPPORT FROM IDEA VETTING & VALIDATION.

03

POSITION KIIT AS A LEADING ENTREPRENEURIAL UNIVERSITY IN INDIA.

04

OFFER CAPACITY DEVELOPMENT TO STUDENTS' RISK ABSORPTION FOR FOUNDERS.

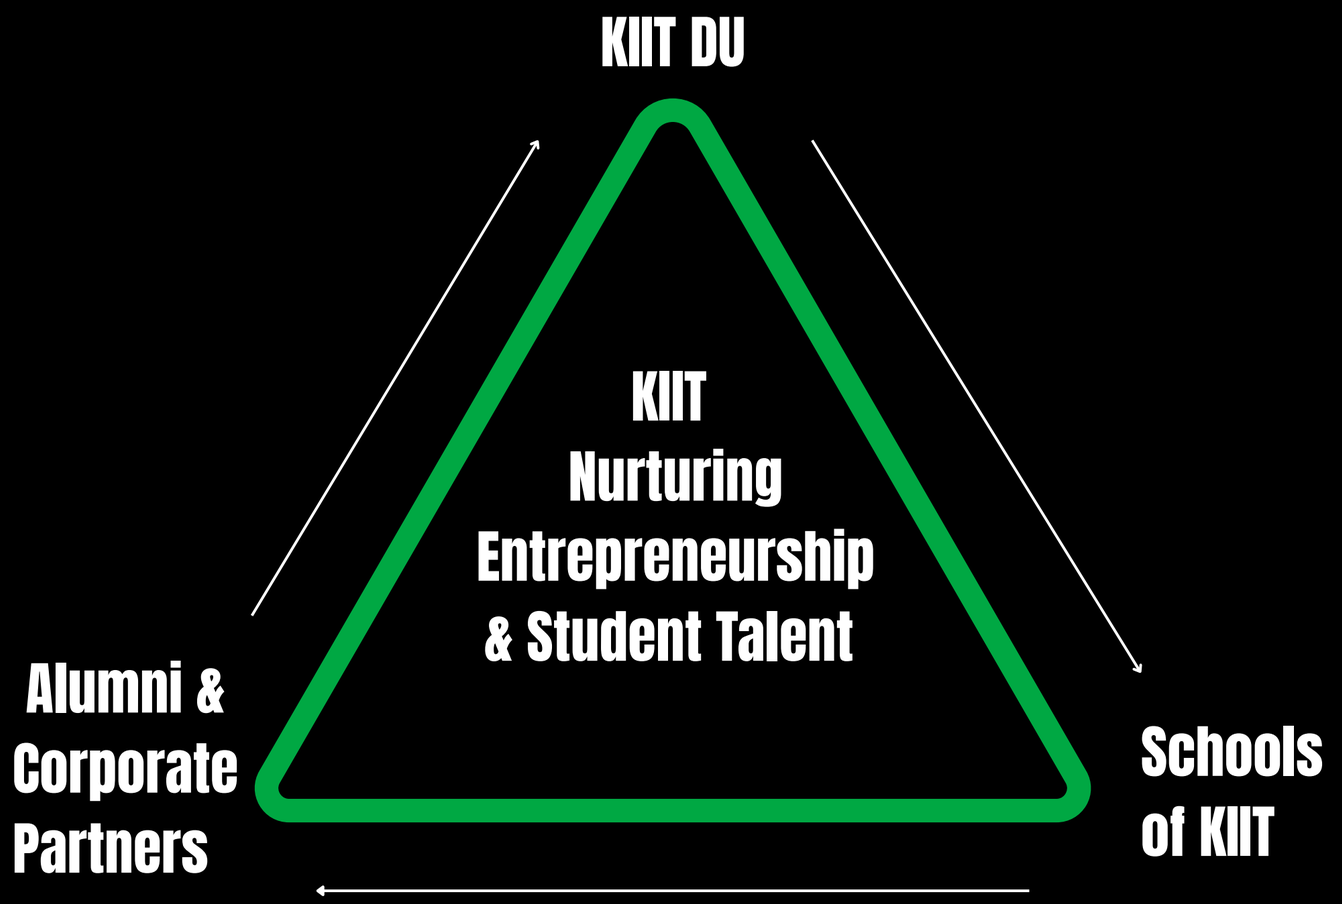

05

FACILITATE ACCESS TO MENTORS, MARKETS, FUNDING, AND POLICY PLATFORMS SUCH AS NEN.

06

CREATE A SUSTAINABLE ALUMNI-LED STARTUP ECOSYSTEM.

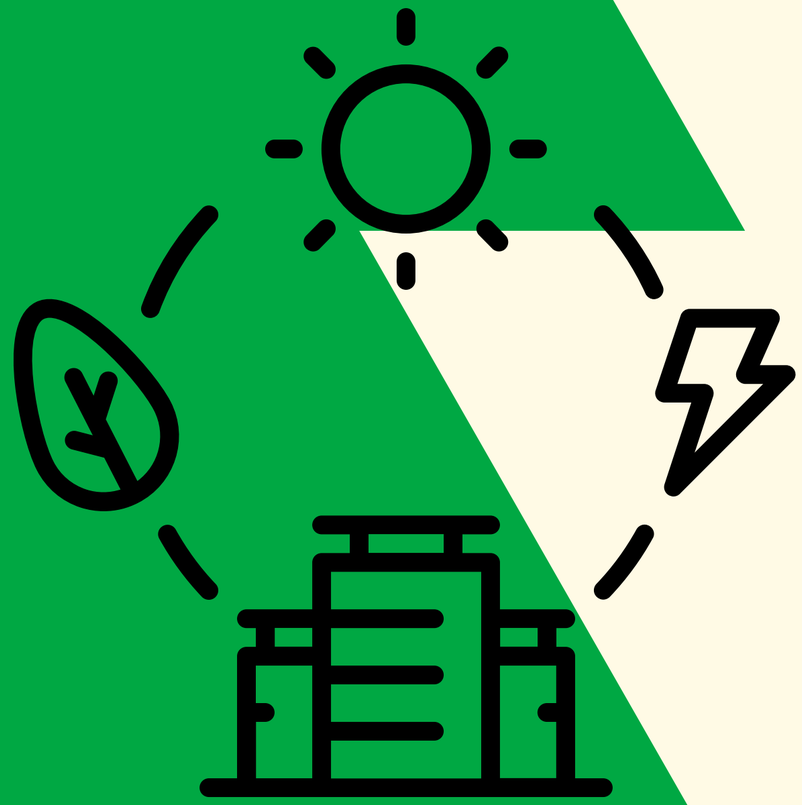

KIIT INNOVATION ECOSYSTEM

Etzkowitz, H., & Leydesdorff, L. (1995). The Triple Helix--University-Industry-Government Relations: A Laboratory for Knowledge-Based Economic Development.

Together, these three pillars create a self-sustaining innovation ecosystem where academia, industry and institutional leadership continuously reinforce entrepreneurial outcomes.

INNOVATION ECOSYSTEM

Innovation

Design Thinking
Problem Solving
Interdisciplinary Learning

Academic Excellence

Teaching

INSTITUTIONAL SUPPORT

School of Innovation & Entrepreneurial Leadership

- Entrepreneurial Leadership
- Venture Development
- Innovation Education
- Startup Mentorship

KIIT Kareer School

- Career Guidance
- Startup Careers
- Industry Connect
- Alumni Engagement

Other Schools of KIIT

- Identification of mindset
- Access to labs
- Operational support
- Physical space for events/scoping activities

SCHOOL OF INNOVATION & ENTREPRENEURIAL LEADERSHIP

Prepares future founders, innovators, entrepreneurs, and transformational leaders to explore possibilities at KNEST through the AICTE approved MBA - IEV program.

Designed to provide a robust academic foundation through experiential learning, venture creation, and industry engagement.

Mentored by Founders

Studios, masterclasses, and 1:1 Clinics led by founders, CXOs, policymakers, and operators.

Incubation Support

Advanced labs, grants, legal/IP clinics, and investor rooms to launch faster.

Finding Opportunities

Demo days, seed grants, angels, and venture partners that back student-led startups.

Action-Based Learning

Work on live problems, simulations, and your own venture-progress in your grade.

INFRASTRUCTURE

Flexible Co-working Space

A 10,000–15,000 sq. ft. flexible co-working environment, designed on modern co-working principles

Modular Startup Studios

Modular studio for mentoring sessions, design sprints, workshops, investor interactions, and peer reviews.

Collaboration Zones

Community and informal interaction spaces, such as discussion lounges and breakout areas

Maker Labs

Maker labs for fabrication tools, hardware testing spaces, and digital prototyping infrastructure

Digital Content Studio

A digital studio and content creation space for product demonstrations and virtual investor interactions.

Founder Cabins

Focus rooms and founder cabins to enable confidential discussions and high-concentration tasks

Pre-Incubation Space

Dedicated pre-incubation and incubation spaces, mentorship access, IPR facilitation, and funding linkages

Startup Management System

Integrated startup management systems, including digital platforms with high-speed connectivity, secure IT infrastructure

EXPECTED OUTCOMES

KIIT-NEST aims to bridge the gap between the acquisition of knowledge and application of the concepts of leadership, strategy, technology, governance, and innovation in live contexts.

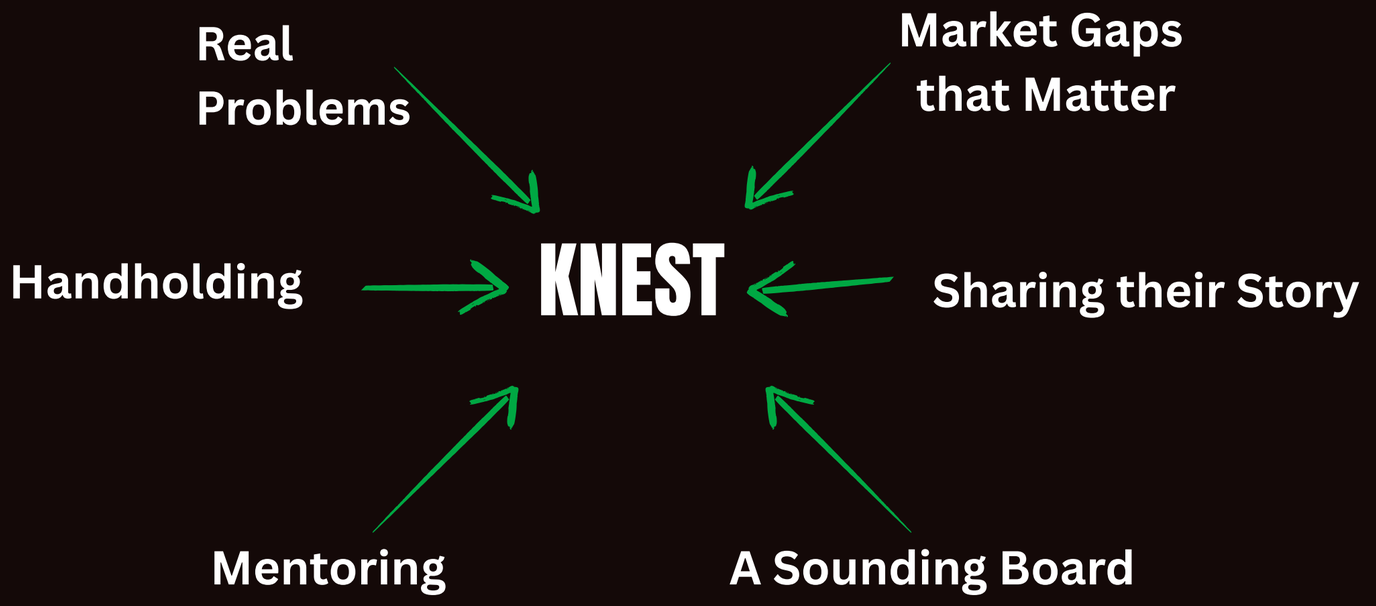

- 150-200 Student Startups within a 5-year horizon
- 25-30 Scalable Ventures per year
- Strong KIIT TBI, Startup India & Startup Odisha Pipeline

- Enhanced Industry Collaboration
- Strong Alumni Founder Network
- Improved National & Global Rankings

THE SYNERGY EFFECT

ALUMNI ARE THE BRIDGE BETWEEN STUDENT VENTURES AND THE WIDER ECOSYSTEM.

THANK YOU

Innovate & Lead
